JOIN US for meditation, training in Zen forms, and the teachings of female Zen ancestors and their relevance for women's practice. We will offer body- friendly meditation practices to develop concentration and facilitate healing, discussion of issues facing women in Buddhist practice, and creative writing exercises to bring forth women' distinctive spiritual qualities. This year's retreat will focus on specific instruction for women in Zen Practice: How can women inspire each other? How do we learn to express our wisdom? What is women's way to deeper embodiment (body integration) of Zen?
